CASH HIRE NOTICE - DEPOSIT

Company Policy states that Plant can only be hired out by non account customers when covered by a deposit from a valid credit/debit card in the name of the hirer. Cash and cheques cannot be accepted. Identification is also required together with a landline telephone number and mobile number. A relevant deposit based on the value of the equipment hired will be debited from the card before the hire commences, together with the first weeks hire and consumable charges. Hire charges will then be debited on a weekly basis in advance until the hire terminates. Deposits and overpayment will be credited on termination of hire.

HIREGUARD INSURANCE

The hirer is responsible for theft and damage to the machine and should have adequate insurance to cover this. We are able to offer HAE Hireguard Insurance for those of our customers that do not already have cover for Plant hire. For full details on Hireguard Insurance please visit our website or ask a member of staff at one of our depots.
