Newmarket Plant Hire Ltd – Cash Hire Notice

Deposit –

Company policy states that Plant can only be hired out by non-account customers when covered by a deposit from a valid credit / debit card in the name of the hirer. Cash and cheques cannot be accepted. Matching identification is also required together with a landline telephone number and / or mobile number. A relevant deposit based on the value of the equipment hired will be debited from the card before the hire commences. Hire charges will then be debited on a weekly basis (normally Fridays) until the hire terminates. The final charge at off hire will be deducted from the original deposit and the balance refunded where applicable, providing the Plant and Equipment is returned in the same condition as it was at the commencement of hire (fair wear and tear excepted). However, when we repay the deposit, we will be entitled to deduct from it any monies that the hirer may owe us. In the event of loss or damage, the deposit will be held until settlement has been received.

HireSecure Loss / Damage Waiver –

The hirer is responsible for theft and damage to the Plant and Equipment and should have adequate insurance to cover this. Company policy states that all equipment **must** be covered by insurance (Proof of Insurance must be submitted before equipment can be delivered). For customers that do not already have insurance cover for hired in equipment, Newmarket Plant Hire Ltd are able to offer HireSecure which is a loss/damage waiver policy. For full details on HireSecure please visit our website or ask a member of staff at one of our depots.
